ABOUT MIRKA

Mirka Ltd is a world leader in surface finishing technology and offers a broad range of groundbreaking sanding solutions for the surface finishing and precision industry business.
The Mirka slogan, *Dedicated to the finish*, means that we are fully engaged in all details of a solution. We are in constant motion and we strive for a better way. We are the sustainable industry shaper within the segments where we operate. Leadership means that, through insights and proactivity, we offer customers high-quality systems, tools and services.

Mirka´s journey began in 1943 and since then we are constantly developing solutions for the surface finishing business. In 2009 we started to invest in the precision industry business and our vision is to provide customers with products and solutions from start to finish.

The Mirka headquarter and production units are located in Finland. The company has more than 1500 employees and subsidiaries located in Europe, Middle East, North and South America as well as Asia. More than 97% of Mirka's production is exported, with products being sold in over 100 countries.

MIRKA ESSENTIALS

Mirka Essentials consists of supplies and accessories considered essential in paint refinishing, collision repair, polishing and other surface finishing work.

Mirka Essentials comprises a suite of products that are considered the best quality and the best companion to other Mirka finishing products and tools.

In the Essentials product range, you will find masking tapes, masking films, paint mixing supplies and other materials that are required in preparation.

A professional finish already starts at the preparation stage. With Mirka Essentials there is no oversight in any part of the process for the best possible finish.
