TOOLS AND ACCESSORIES

ADHESIVES & MAINTENANCE PRODUCTS FOR THE STONE INDUSTRY

PART B

One-stop-shop

Dear Customer, Dear Partner,

KGS offers a wide range of tools and accessories for the Stone Industry. In addition to the diamond tools made in our own factories, we have developed the highest quality supply chain to deliver performance products that meet your exact needs. KGS is well positioned with products and know-how to be your "one stop shop" in the Stone Industry.

The product range is both wide and comprehensive, so you can contact us for all the tools you need in your workshop. Our suppliers and partners are carefully selected by our purchasing department, and meet all requirements in terms of technology, applications, ergonomics and comfort. In addition, the product range has been assembled not only "for" our customers, but "with" our customers, in order to meet the needs of the market to the best of our ability.

Along with many types of tools, such as diamond grinding wheels, adhesives and care products, you will also find a range of personal protective equipment in this catalogue. Safety is very important when working with (diamond) tools and your safety, as well as that of your employees is always a top priority! All products in this catalogue are on stock in our warehouse. Adhesives and care products are stored under recommended conditions in our specialized chemical storage facilities.

The advantage for you with KGS DIAMOND as a long term partner:

- One supplier for all your tools and accessories
- Professional tools of outstanding quality
- Efficient work flow with packing lists, deliveries and invoices
- Friendly customer service staff with excellent market and product knowledge
- One point of contact. Just get in touch with your questions and we will be happy to assist you.

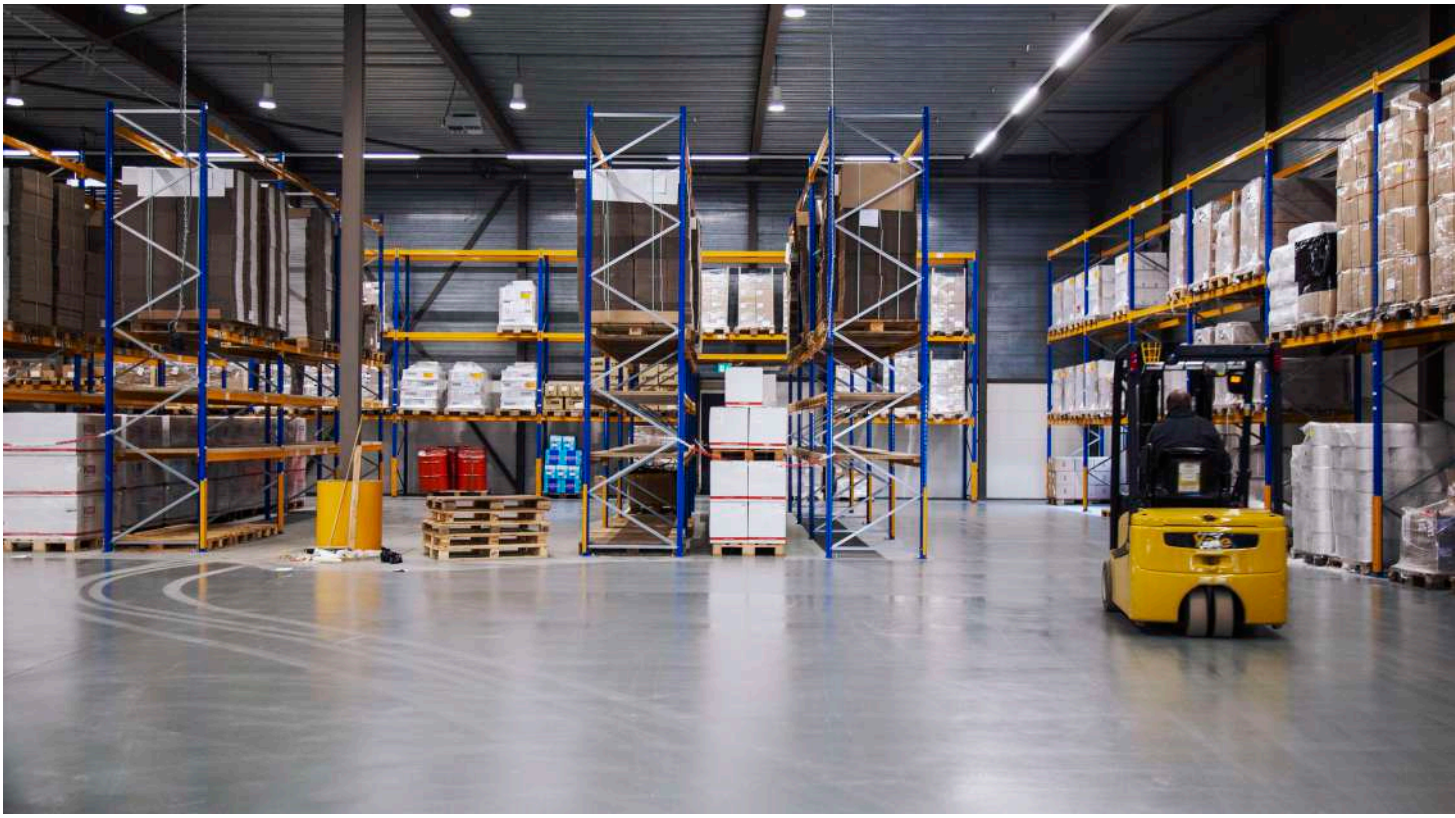

Along with our "Diamond Tools for the Stone Industry" catalogue, you have at your fingertips all the products that a professional stone mason, kitchen worktop manufacturer or kitchen fitter needs to make every slab of stone into a fantastic end product.

KGS DIAMOND operates worldwide with different products in different countries, therefore it is not possible to include all products manufactured or sold by KGS DIAMOND in our catalogues.

Contact our account managers, visit our webshop or come and see us personally in Elburg and we will be happy to give you expert advice and help you make the right choice!

With kind regards,

KGS DIAMOND team

20 pcs.

Aging brushes / Pomex

KGS DIAMOND also carries a range of aging brushes and Pomex discs in various grits. Ideal for finishing the surface after the use of grinding wheels or diamond pads on cast stone (e.g. hard stone).

AGING BRUSHES

Aging brushes are ideal for removing impact marks in hard stone, for example, or to create an even effect. The hole in the mount is extra large and suitable for Alu SF mounts. The brushes are widely used in construction work. Diamond aging brushes have a longer service life and are stiffer compared to general aging brushes.

Integra

KGS DIAMOND is an exclusive dealer of Integra products. In addition to the Integra Surface Bonder Rapid, which is available in many colours and is in stock. You will also find the matching guns, both pneumatic and manual in our product range. Integra products are not only very powerful but also developed according to the standards set for the environment and safety.

INTEGRA SURFACE BONDER RAPID

Integra Surface Bonder Rapid 250 ml

Integra Surface Bonder Rapid offers the same great advantages as Integra Surface Bonder XI, like perfect colour matches for thousands of surfaces. Surface Bonder Rapid goes even further with superior bond strength on natural stone and ceramic materials. Plus, the non-sag formula minimises drips to reduce mess and wasted product.

The non-sag properties of the adhesive make it ideal for mitered edges or other kitchen top seams. The adhesive stays right where you put it. Integra Surface Bonder Rapid is also great for vertical applications, it's the perfect adhesive for mitre joints and deck seam installations. Easy assembly, no mess.

Integra Surface Bonder Rapid comes packaged in 250 ml 10:1 cartridges and is compatible with the standard Integra Adhesives 250 ml dispenser, as well as any other 250 ml dispenser.

Integra Surface Bonder Rapid is offered in multiple colours matching the most popular Ceramic, Quartz and Stone designs in the industry. There is also a wide range of true whites available for all the trending white colours.

Benefits

- Rapid Sag, no drips, no mess
- Auto-dispense system
- Invisible seams
- Pre-mixed colours for many different materials
- High strength on non-porous ceramic
- Shelf life 2 years
- Working time 9 - 14 minutes

Colour matching

Integra is known industry wide for its excellence in matching colours. The lab uses a combination of technical equipment and experience to produce unrivalled colour matches for every surface. Colour match charts are updated regularly with new matches for new sheets from manufacturers. Most common Ceramic, Quartz and Natural Stone slabs can be matched with our line of Integra Surface Bonder.

Workable materials

Integra Surface Bonder Rapid can be used on the following materials

- Ceramics
- Engineered stone
- Quartz
- Compact sintered materials
- Natural stone products, like marble and granite

Product specifications

Integra Surface Bonder Rapid is packaged in dual component cartridges as part of a meter/mix/dispense system utilizing a specialized dispensing gun and static mixing tips. Surface Bonder Rapid is currently available in 250ml cartridge sizes. KGS has a wide range of standard Rapid colours on stock. Other colours can be ordered in small quantities of 6 pieces a time.

• Characteristic:	Integra Surface Bonder Rapid
• Working time:	4 - 8 minutes
• Fixture time:	10 - 16 minutes
• Operating temperature:	18°C - 30°C*
• Mix ratio:	10:1
• Flexural strength – Natural stone:	> 4,000 PSI / Substrate Failure
• Flexural strength – Quartz:	> 4,000 PSI
• Flexural strength - Sintered material:	> 4,000 PSI
• Shelf life:	2 years

* Use at temperatures below 10-12°C may cause incomplete cure, yellowing and poor bonding strength. Above 30°C the adhesive will cure faster.

Marmo-
elettromeccanica

KGS DIAMOND is an exclusive dealer of Marmoeletromeccanica products. We have a selection of tools in stock for you. This selection is based on the most common applications in the market. You will achieve optimum results with these tools, especially for the manufacture of kitchen worktops.

In addition to the products that we have in stock as standard, as an exclusive dealer, we also supply Marmoelettromeccanica products on request. Please contact us for the possibilities or for help with the assortment of your CNC tools.

MARMO METAL BOND ROUTER AND POLISHING WHEEL, LINE 10

The ideal solution to get the best results with a small radius of 5 mm on a CNC machine. In combination with the “Long Life technology” you achieve a perfect gloss on marble, granite and composite. There are special water holes in the tools for extra cooling.

MARMO LINE 20 PERFECTOR

Marmoelettromeccanica Perfector

The Perfector wheel is designed to eliminate all lines on polished straight edges. This is thanks to the structure of the Perfector and the perfect balance between hardness and flexibility. Let your machine oscillate for optimal results.

Type		Art. no.
Polishing wheel	No. 5-F SC75009	20067

Ø 20 mm 1/2 gas radius = 10 mm 45 mm 1 pcs.

MARMO GROOVE WHEEL

Marmoeletromeccanica groove wheel Ø128 r5 bore 50

Suitable for making grooves in kitchen worktops, such as a drainboard for draining water. Also suitable for making an anti-slip edge in steps. No. 1 is sintered and nos. 2 and 3 have "long life bonds" for optimal results.

Type		Art. no.
Groove wheel	No. 1 SC04105	20093
Groove wheel	No. 2 SC04107	20094
Groove wheel	No. 3 SC04109	20095

Ø 128 mm Ø 50 mm Radius = 5 mm 1 pcs.

MARMO DRAINBOARD WHEEL

Marmoelettromeccanica drainboard wheel

Sintered segmented wheel for drainboard. Also suitable for calibrating slabs or flattening a kitchen worktop on the CNC machine.

Type	Art. no.
SC03008	20027

Ø 87* Ø 50 1 pcs.

*Other diameters on request

MARMO ADAPTERS

Marmoelettromeccanica adapter ½" R

Suitable for drainboard wheel (art. no. 20027).

Type	Art. no.
SA01038	20152

1 pcs.

Marmoelettromeccanica adapter ½" R x M10 NL=120

Adapter for sink crown. The 120 mm length of the adapter makes it suitable for projects where there are locations that must be milled in deeper areas, for example when milling a sink.

Also suitable for KGS Speedline® RT sink crowns. You can find them in our "Diamond Tools for the Stone Industry" catalogue on page 42.

Type	Art. no.
SA01025	21588

1 pcs.

Sait
Sandpaper

KGS DIAMOND is an exclusive dealer of Sait sandpaper. With Sait you have one of the highest quality sandpapers for a long service life, fewer changes and high aggressiveness.

SAIT SANDPAPER

Sait sandpaper Ø115 mm with Velcro® connection (Velcro tape)

High-quality sandpaper suitable for various materials such as granite, marble, composite and hard stone. This product is widely used for dry grinding of ends and for making bevels.

Connect
Silicone sealant

Connect silicone sealant is ideal for the demanding requirements of natural stone customers and is also acid resistant. You will find a matching colour silicone sealant for every job in our product range.

CONNECT SILICONE SEALANT

Connect silicone sealant 310 ml

Ideal for universal and durable joint sealing on practically all substrates and materials. This natural stone sealant is suitable for highly absorbent stone and other porous substrates such as marble, granite, hard stone, sand-lime brick, concrete, masonry and untreated wood. Old silicone joints in construction, glass, sanitary-ware, facades, natural stone, swimming pools and more can be repaired using this sealant.

Working temperature between a minimum of +5 °C and a maximum of +40 °C. On clean, dry, load-bearing, dust- and grease-free surfaces. Ideal for finishing construction work, baseboards or natural stone sanitary items.

Lithofin

With Lithofin care products, KGS DIAMOND offers the best German quality brand. Ideal for cleaning, impregnation, care and troubleshooting. We will be happy to advise you and / or your installers in solving problems and finding the best solution.

LITHOFIN CARE KITS

Lithofin care kit LE Power-Clean, SRAINSTOP-W, Easy-Clean

Care kit in case with cleaner, impregnator and daily cleaner for natural stone.

Art. no.
20466

1 pcs.

Lithofin compactset for composite / natural stone

Care kit in sleeve, suitable for natural stone and composite. Very complete kit, with Power-Clean 250 ml and Easy-Clean 500 ml, ready to use. Good price/quality ratio.

Art. no.
27242

1 pcs.

Lithofin Compactset Ceramics, Dekton KF Clear top + KF Hyclean spray

Care kit in sleeve with periodic cleaner and daily cleaner for ceramics such as Dekton®, Lapitec® and Neolith®.

Art. no.
27243

1 pcs.

Lithofin Compact Set KF Bathroom

Care kit in sleeve, suitable for ceramic tiles and natural stone. Contains bath cleaner 500 ml and sanitary cleaner 250 ml.

Art. no.
50970

1 pcs.

LITHOFIN KF-SERIES

Lithofin KF Cement Residue Remover

For all ceramic floors, such as rough and smooth ceramic tiles, finely glazed clay and terracotta. Effortlessly removes cement residue, mortar residue, rust, lime and other hardened dirt layers. Especially suitable for removing flex joint residues.

Content	Art. no.
1000 ml	20419

1 pcs.

Lithofin KF Intensive Cleaner

For periodic thorough cleaning or for regular cleaning of high-use ceramic floors. Removes stubborn and strong soiling, oily or greasy contaminations. Excellent for all ceramic tiles.

Content	Art. no.
1000 ml	20527

1 pcs.

Lithofin KF Conditioning Cleaner

For daily mopping of normal-use ceramic floors. Cleans and maintains in one go without streaks. Ensures a cared-for appearance of tiled floors at all times.

Content	Art. no.
1000 ml	20420

1 pcs.

Lithofin KF Ceramic-Clean

For occasional care of ceramic tiles in wet areas, for shine and hygienic cleanliness. Removes lime deposit and boiler scale, rust, grease deposits and soap residues. Cleans chrome, ceramics, stainless steel, etc. Not for acid-sensitive surfaces.

Content	Art. no.	Price
1000 ml	20418	€ 11,[49]

1 pcs.

Lithofin KF Bath cleaner

For rapid cleaning of all ceramic, natural and artificial stone surfaces in showers and bathrooms. Cleans powerfully and gently without attacking the cementitious joints.

Content	Art. no.
500 ml	50971

1 pcs.

LITHOFIN SPECIAL CLEANERS

Lithofin ALLEX

For removing green tarnish and mold on natural and artificial stone; often used on terraces and paving.

Content	Art. no.
1000 ml	20412

1 pcs.

Lithofin MN Outdoor Cleaner

Cleaner for all outdoor stone surfaces. Cleaning terraces, walkways, stairs and walls has never been easier. The outdoor cleaner easily and permanently removes stubborn dark, plant-caused deposits. Also suitable for discoloration or moisture spots.

Content	Art. no.
1000 ml	20426
5000 ml	20427

1 pcs.

Lithofin Active cleaner

Self-actively removes general soiling, discoloration and stubborn deposits. Suitable for ceramic and tiles, natural stone, clinkers and flagstones.

Content	Art. no.
2500 ml	39751

1 pcs.

Lithofin LOSEFIX Wax & Oil Remover

Removes wax layers, coatings, tar, stubborn oil and grease stains, paint and adhesive residues. The contaminations are dissolved and can then be removed with water.

Content	Art. no.
1000 ml	20410

1 pcs.

Lithofin MN Power-Clean

Suitable for thorough cleaning of all types of natural stone. This agent makes oil and grease, gloss layers and floor-care product residues soluble and removes light cement residue and general dirt.

Content	Art. no.
1000 ml	20422

1 pcs.

Lithofin MN OIL-EX Oil-Stain Remover

Dissolves and absorbs oily and greasy soilings and stains. As a paste, its active ingredients can remain effective for a long time, so that successful cleaning is possible even with deep contamination.

Content	Art. no.
250 ml	20411

1 pcs.

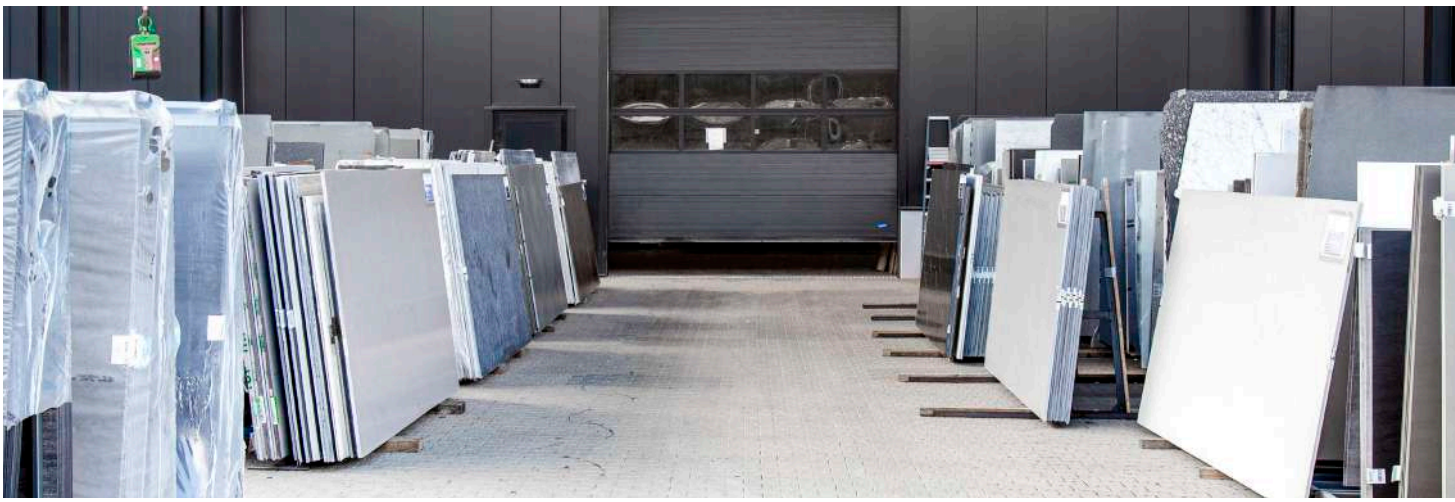

Lithofin MN Builders' Clean

Cleaner for acid-resistant stones. The cleaner is suitable for granite, quartzite, gneiss, sandstone, slate and other types of stone. Also suitable for use as a cement residue remover on tiles. Do not use this product on polished marble, limestone and other acid-sensitive stones.

Content	Art. no.
1000 ml	20424

1 pcs.

Lithofin RUST-EX

Removes rust stains from all stone surfaces. The product is acid-free and is therefore also suitable for marble, limestone and blue stone. Also removes brown discoloration caused by ferrous fertilisers outdoors.

Content	Art. no.
500 ml	20456

1 pcs.

Lithofin Resin-EX

Removes resin residues, seals and coatings, oil and grease deposits, paints (graffiti), plastic residues and many other stubborn soiling. Suitable for ceramics and all rough natural and engineered stone.

Conetnt	Art. no.
1000 ml	20457

1 pcs.

Lithofin FUGEX

Contains selected and highly effective organic solvents, specifically intended for the fast and effective removal of one- and two-component resin grout residues. The product is acid-free and therefore suitable for cleaning substrates made of concrete stone and limestone.

Content	Art. no.
1000 ml	50969

1 pcs.

LITHOFIN PROTECTION AND COLOUR ENHANCING

Lithofin PRO FVE colour enhancer

Fast drying impregnator for dark natural stones with polished, honed, brushed and similar surface finishes. Protects kitchen worktops and other small surfaces from water and oil stains. Strengthens the colour and also preserves the natural stone structure.

Content	Art. no.
1000 ml	27241

1 pcs.

Lithofin MN Stainstop

Special product, suitable for marble, natural stone and concrete.
MN Stainstop contains high-quality water and oil-repellent, siloxane-based impregnating agents, dissolved in solvents. Lithofin MN Stainstop is liquid, colourless and immediately ready for use. Can be used both indoors and outdoors.

Content	Art. no.
250 ml	20432
500 ml	20433
1000 ml	20434

1 pcs.

Lithofin Stainstop PLUS

Stainstop PLUS has a stain-repellent impregnation agent with colour enhancer. Strengthens the colour of porous stone surfaces while protecting against stains. MN Stainstop PLUS can be used both indoors and outdoors.

Content	Art. no.
250 ml	20413
1000 ml	20414

1 pcs.

Lithofin STAINSTOP W

This product is ideal for the care of natural stone and fair-faced concrete. Suitable for all porous artificial and natural stone, and recommended for dark types of granite both indoors and outdoors. This product largely prevents the penetration of oil, water and grease. Water-based product which is also better for the environment. Product retains the natural appearance of the surface.

Content	Art. no.
250 ml	20415
1000 ml	20416

1 pcs.

Lithofin NanoTOP special impregnator

Special transparent impregnation agent using nanotechnology for maximum long-term protection of all types, natural stone, composite and marble.

Content	Art. no.
1000 ml	20453

1 pcs.

Lithofin Protector for composite

Specially developed for rough and brushed composite. In addition to protection, this product also makes your composite easier to maintain. Strong darkening effect. 250 ml is part of the Lithofin MN series and the 1,000 ml is part of the Lithofin PRO series.

Content	Art. no.
250 ml	20455
1000 ml	20501

1 pcs.

Lithofin MN colour enhancer

To improve the appearance of floors in rough, porous natural and fair-faced concrete stone. Brings the colours to life and deepens the structure, making them water and dirt repellent.

Content	Art. no.
1000 ml	20437

1 pcs.

Lithofin MN Slate-Oil

To protect and care for all colours of slate. The natural colour is enhanced, the structure is emphasised and the appearance improved. Ideal for freshening up worn surfaces.

Content	Art. no.
1000 ml	20451

1 pcs.

Lithofin MN Polish (liquid)

Ideal care cream in your home for your kitchen, bathroom, table or other surfaces. The polish protects and cares for all polished stone surfaces, makes them water-repellent and provides an excellent shine.

Measures

KGS DIAMOND has a small range of measuring tools that are common in the natural stone industry. The products meet the required specifications and are in some cases better suited for wet environments.

MEASURING TAPE

Stanley Fat-Max tape

Bi-material body with very strong polypropylene and soft elastomer surface for comfortable grip. Thick tape 0.13 mm (15% more than traditional tape), stronger and can be used in extended lengths without kinking. Tape comes with Mylar® protective layer: up to 10 times more wear and tear protection than traditional measuring tapes.

- Accuracy: class II.

Dimensions	Type	Art. no.
3 m x 16 mm	33-681	21633
5 m x 19 mm	33-684	21634

1 pcs.

Stanley Powerclassic measuring tape

Chromed housing for shockproof ABS tape with Mylar® protective coating: up to 10 times more wear and tear protection than traditional measuring tapes. hook fixed with two rivets (three rivets from five meters) on metal plate, reduces the risk of breaking off in case of careless use. Sliding hook with actual zero position for accurate inside and outside measurements.

- Tape lock button.
- Press lock.
- Accuracy: class II.

Dimensions	Type	Art. no.
5 m	33-194	21730

1 pcs.

Komelon stainless steel tape measure

This Komelon SS Powerblade tape measure is a professional tape measure of absolute top quality. The tape measure is five metres long and is equipped with a wear-resistant stainless steel powerblade strap and ABS/chrome case.

- Accuracy: class II.

Dimensions	Type	Art. no.

3 m x 16 mm, with clip	21576
5 m x 19 mm, with clip	21577

1 pcs.

CALIPERS

Analogue calipers

The calipers (0-150 mm) are made of stainless steel and therefore durable in use. The wear-resistant calipers are suitable for measuring both internal and external dimensions and have a locking bolt for accurate measurement.

Dimensions	Art. no.
0-150 mm	21585

1 pcs.

Digital calipers, waterproof

Digital calipers. Waterproof, IP67 certification.

Dimensions	Art. no.
150 mm	21839

1 pcs.

FOLDING RULERS

Sola folding rule, white plastic

White plastic two metre 10-part (metal end).

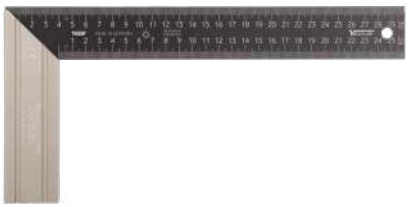

Dimensions	Art. no.
2 m	31153

1 pcs.

SQUARES

Vogel square

Vogel square with 300 mm mitre.

Dimensions	Art. no.
300 mm	27117
500 mm	38292

1 pcs.

Levelling wedges

LEVELLING WEDGES

Levelling wedges, 55 x 8 x 1 mm

Bag of 1000 small levelling wedges. For use in the workshop to set, bond or seal slabs.

Dimensions	Art. no.
55 x 8 x 1 mm	23085

1 bag, 1,000 pcs.

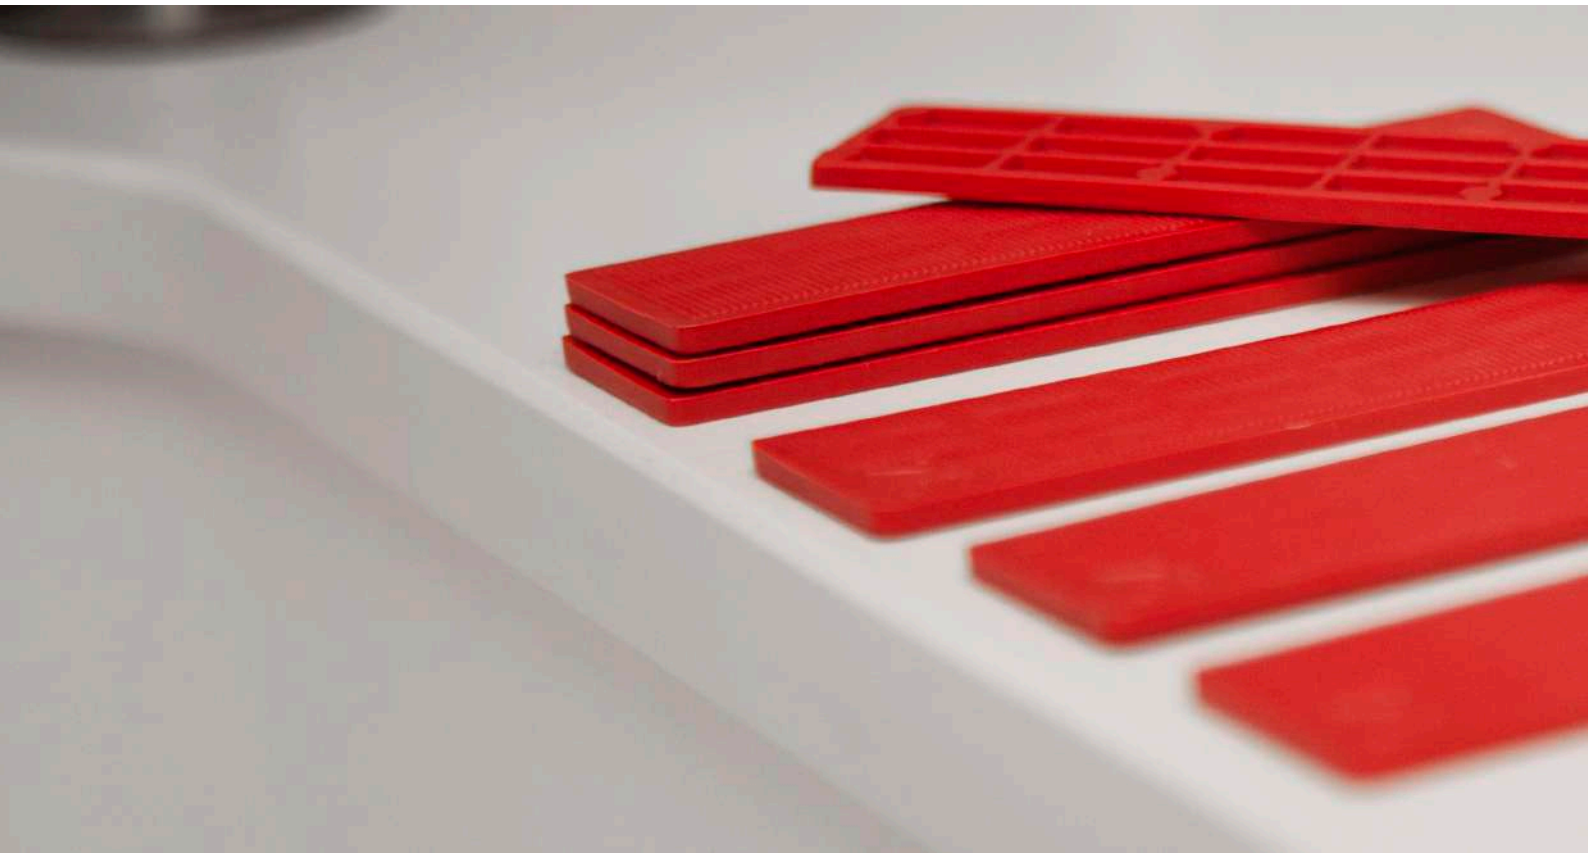

Levelling wedges, 80 x 24 x 20 mm

Bag of 250 medium levelling wedges. For use in the workshop to set, bond or seal slabs.

Dimensions	Art. no.
80 x 24 x 20 mm	23087

1 bag, 250 pcs.

Adjuster plates

ADJUSTER PLATES

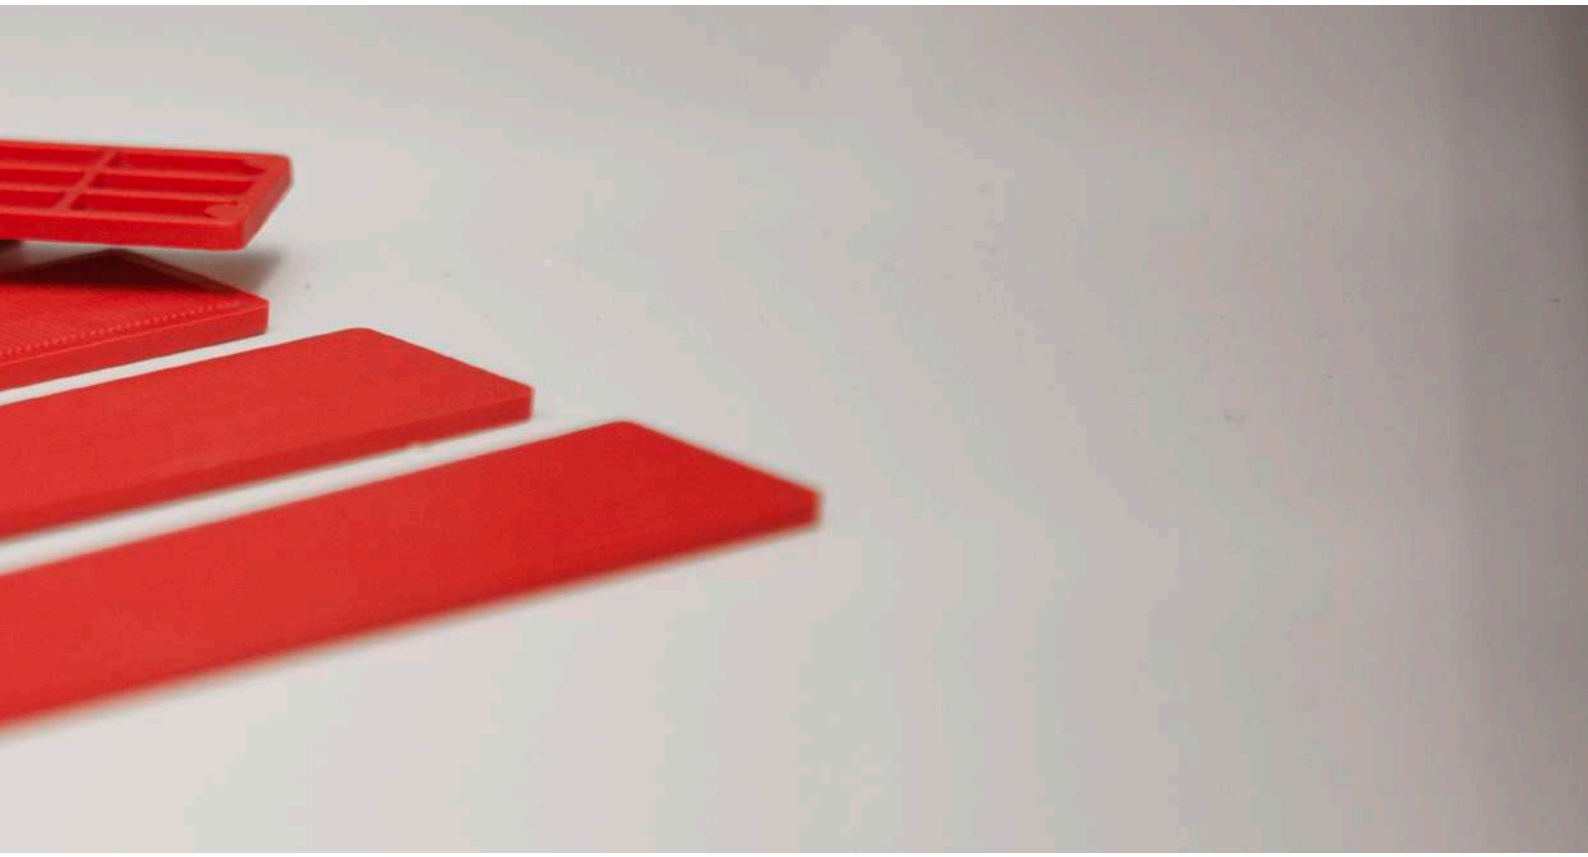

Adjuster plates

Bag of 1000 levelling plates in exact dimensions. Suitable for bonding and sealing supports on site or in the workshop.

Dimensions	Colour	Art. no.
100 x 26 x 1 mm	White	22838

Clamps and tensioners

KGS DIAMOND offers a small range of adhesive clamps, tensioners and special Mitraforme clamps for any job in your workshop. From bonding to securing a workpiece to be polished or sawn.

ADHESIVE CLAMPS

Bessey steel adhesive clamp

20% more clamping force per spindle rotation due to optimised profile. The highest possible safety due to straight-line force transmission on the slide bar. Clamping force up to 5,500 N. Hi-tech sliding and fixed bracket for quick & easy size adjustment. Ergonomically shaped wooden handle. Interchangeable pressure plates without tools (from 80 mm offset).

Type	Span width	Offset	Art. no.
GZ16-A	0-160 mm	80 mm	21597
GZ20-A	0-200 mm	100 mm	21598

1 pcs.

KGS adhesive clamp 200 x 50 mm, plastic base

Adhesive pliers, die-cast zinc, full profile rail with anti-slip device using ridges on both sides, reinforced shaft with trapezoidal thread.

Dimensions	Width	Weight	Height	Length	Art. no.
200x50 mm	85 mm	289 g	255 mm	15 mm	21397

1 pcs.

CLAMPS

Bessey Clippix 75/70

Bessey Clippix XC spring clamp, particularly handy and suitable for all applications. Easy tensioning with constant clamping force. Bessey spring clamps are lots of clamping power in a small package. Bessey spring clamps fit the hand and are easy to handle at all times. Even with large spans, you can always tension powerfully with a single hand. Light and handy. Functional and with ergonomic grip. Maximum stability.

Art. no.
21816

1 pcs.

QUICK-RELEASE DEVICES

KGS quick release clamp, 150 mm

The KGS quick-release clamp is a unique adhesive clamp that can be operated with one hand and can be used for multiple applications. Thanks to the swivel head, it can be adjusted to various angles.

Dimensions	Art. no.
150 mm	21340

1 pcs.

INTEGRA MITREFORMA ADHESIVE CLAMPS

MitreForma™ 90º clamp

A fabrication tool specifically designed for creating mitre fascias in a fast, accurate and foolproof way. MitreForma™ clamps are an important part of the Integra Mitre system. In combination with Integra's Surface Bonder, you have a tool for creating seamless 90° mitre edges in a fraction of the time compared to other methods.

Dimensions	Art. no.
0-130 mm	21595
120-320 mm	21596

1 pcs.

SLAB CLAMPS

Kaiman 60 slab clamps: 20-60 mm clamping range, 1200 kg

Clamp with special white rubber to prevent traces and discoloration on your sheet metal.

Art. no.
21890

1 pcs.

Putty knives

Especially for bonding Tenax Solido adhesives you need to mix the adhesive yourself and in addition to a good pair of gloves you will in most cases need a putty knife.

PUTTY KNIVES

KGS putty knives

Putty knives in different sizes. Ideal for the use of Tenax Solido adhesives, for example.

Type	Rigidity	Dimensions	Art. no.
A	****	50 mm	41258
B	*****	60 mm	41259
C	**	80 mm	41260

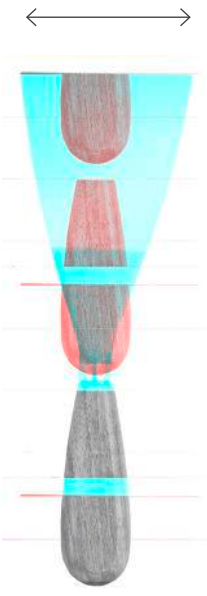

Firmness and rigidity of the putty knife on a scale of one to five stars.
One star: not rigid. Five stars: very rigid.

12 pcs.

Type A: 50 mm

Type B: 60 mm

Type C: 80 mm

Adhesive tape & protective film

Adhesive tape and film for protection of your material, including during transport and the installation of kitchen worktops or construction work. You will find the most commonly used options in the natural stone industry in the product range below.

TAPE

Masking tape

Ideal for putting lines on kitchen worktops or construction work. Also used for bonding bevels on kitchen worktops.

Dimensions	Art. no.
24 m x 50 m	21719
36 m x 50 m	21690

1 pcs.

Repair tape

Suitable for all jobs in the workshop, e.g. minor repairs or bonding of mitres.

Dimensions	Art. no.
50 m x 25 m	21344

1 pcs.

Insulation tape, yellow

High-quality PVC insulation tape. Also suitable for bonding of mitred kitchen worktops.

Dimensions	Art. no.
50 m x 10 m	34685

36 pcs.

WORKTOP PROTECTIVE FILM

KIP-3813 Protective film - Standard quality

Protective film, self-adhesive on one side over the entire surface.
Suitable for temporary protection of your work surface.

Application: for professional protection of kitchen worktops and construction work that must not be damaged during transport or installation in the building or workshop.

Dimensions	Art. no.
250 m x 100 m	31774

1 pcs.

Knives

You will need a knife in many cases for cutting open packaging, removing adhesive residues and sealant. We have the most commonly used options for you in our product range.

Utility knife holder

Holder for utility knife, 18 mm. Refill available, see art. no. 21629.

Art. no.
21628

1 pcs.

Utility knife, 18 mm

Set of 10 utility knives. Suitable for art. no. 21628.

Ideal for removing tape and adhesive residues from natural stone or composite surfaces.

Art. no.
21629

1 set, 10 pcs.

Stanley knives

Equipped with InterLock nose, this means that the cutting blade cannot be pushed upwards, even under great force.

User-friendly knife changing system, no additional tools required. In the extended position, the cutter blade is firmly clamped in place and therefore cannot retract unintentionally. The knife is easy to clean.

Type	Art. no.
Interlock 10-095 for 9 mm knives	21735
Interlock 10-018 for 18 mm knives	21563

1 pcs.

Refill Stanley knives

Set of 10 knives for art. no. 21735 (Interlock 10-095) and for art. no. 21563 (Interlock 10-018).

Type	Art. no.
9 mm knives for Interlock 10-095	21736
18 mm knives for Interlock 10-018	21744

1 set, 10 pcs.

Holder for razor blades

Holder for art. no. 27055.

Art. no.
25047

1 pcs.

Razor blades for metal holder

Set of 100 razor blades. Ideal for removing adhesive or sealant residues on smooth surfaces, or for doing repairs.
Suitable for art. no. 25047.

Art. no.
27055

1 set, 100 pcs.

Workshop cleaning

A clean workshop contributes to a good result. With us you will find the most common cleaning products for your workshop, such as a selection of wipes and hand wipers.

The wipers are widely used for drying slabs at the sawing machine or edge polisher. We therefore offer you a number of plastic wipers to prevent rust in your materials. You will also find professional cleaning paper in our range for use in cleaning and impregnation.

HAND WIPERS

Waterblade wiper, 300 mm

Silicone wiper for optimal drying results and streak-free drying of natural stone, ideal for any sawing machine.

Art. no.

22700

1 pcs.

Vikan wiper, 250 mm, red

Plastic hand wiper, ideal for the sawing machine or edge polisher.

Art. no.

22229

1 pcs.

FLOOR WIPERS

Floor wiper, 450 mm plastic

Plastic floor wiper with black foam. Ideal for cleaning large slabs or the floor near your sawing machine. Made entirely of plastic to prevent rust on your workpiece.

Art. no.
20376

1 pcs.

Vikan floor wiper, 600 mm, plastic

Robust Vikan wiper made entirely of rubber with ergonomic handle, so that your workpiece is not damaged and no rust spots develop.

Art. no.
22691

1 pcs.

Vikan floor wiper, 750 mm, steel/rubber

Art. no.
26986

1 pcs.

HANDLE FOR WIPERS

Handle for wiper, plastic / screw thread

Metal handle with blue grip, suitable for plastic floor wipers (art. no. 20376).

Art. no.

20377

1 pcs.

Wooden handle for wiper

Wooden handle for Vikan floor wiper (art. no. 22691) and for Vero floor wiper (art. no. 26986).

Art. no.

26987

1 pcs.

BRUSH AND DUSTPAN

Dustpan

Art. no.
21780

1 pcs.

Hand sweeper

Art. no.
21626

1 pcs.

SPRAY BOTTLE

ZEP spray bottle

Transparent slim-line bottle with large handle and adjustable spray head. Resistant to chemical liquids. Suitable among other things for KGS K12 or second adhesive activator to save liquid or to atomise cleaning agents.

Content	Art. no.
1000 ml	21812

1 pcs.

CLEANING PAPER

Cleaning paper roll

Set of two rolls of cleaning paper. Suitable for cleaning stone workpieces with cleaners or impregnators. Can also be used for general purposes in your workshop.

Content	Art. no.
380 m x 240 mm 2-layer cellulose	21578
1000 m x 230 mm 1-layer cellulose	39444

1 set, 2 pcs.

CLEANING CLOTHS

Tricot cleaning cloth 100% white 10 kg

For cleaning or impregnating natural stone. In small packs.

Art. no.
21698

1 pcs.

Coloured cleaning cloths, bale, 25 kg

Coloured cleaning cloths for cleaning jobs in the workshop. In bulk packs.

Art. no.
21708

1 pcs.

PPE

Safety is paramount. KGS DIAMOND offers you a specially selected range of personal protective equipment. These items are designed to protect you and your employees in the best possible way. Our dust masks are all to FFP3 standard according to current guidelines.

SPLASH SLEEVES

Latex mud sleeve/set, long (shoulder model)

Protection against water splashes and mud. Very ergonomic.

Art. no.
22250

1 pcs.

Latex mud sleeves/set, 17 cm model

Protection against water splashes and mud. Small model.

Art. no.
22698

1 pcs.

DUST MASKS

Moldex dust mask 2555 FFP3

Ergonomic mask with FFP3 classification for optimal protection in the workshop and outside.

Art. no.

21352

20 pcs.

Condor dust mask FFP3

Ergonomic mask with FFP3 classification for optimal protection in the workshop and outside.

Art. no.

21671

10 pcs.

GLOVES FOR ADHESIVES

M-Safe nitrile glove, powder free

Box of 100 disposable gloves suitable for the right and left hand. The vinyl disposable gloves optimally protect the parts to be treated against fingerprints and dirt/dust.

Size	Art. no.
8-9 / L	21353
7-8 / M	25800
10 / XL	21560

1 box, 100 pcs.

WORK GLOVES

Nylon Maxx-Grip gloves

Maxx Grip lite 50-245 work gloves have good finger feel due to a thin light and supple nylon lining. The lining of the Maxx Grip lite 50-245 work glove fits the hand perfectly and provides excellent comfort.

Size	Art. no.

PELTOR AND ACCESSORIES

Peltor hearing protection with radio

The WorkTunes Pro helps protect you from potentially harmful sounds at work, while allowing you to listen to your favorite music at the same time. Thanks to the built-in antenna, fast digital tuning and the ability to store transmitters, the ear canopy is flexible and easy to manage.

- Ear muffs with headband
- Highly attenuating hearing protection
- FM radio headset with built-in antenna
- Digital station search
- Speech-driven menu system with announced frequencies
- Store up to five stations
- 3.5 mm listen-only stereo input (limited to 82 dB) for connection to external devices (e.g. mobile phone, two-way radio, iPod)
- Automatically switches off after four hours without interaction to save batteries
- Low battery warning
- The electronics are integrated into the outer part of the shell to reduce corrosion from sweat
- A headset, 2x AA batteries and user instructions are included
- Colour: black
- Mean attenuation value SNR 32 dB(A)

Art. no.

21583

1 pcs.

Honeywell Howard Leight Sync Radio hearing protection

The Howard Leight Sync Electo combines entertainment with functionality. The earpiece has an FM radio that can store up to 10 stations. Thanks to advanced sound amplification technology, the Electo amplifies communications, alarms and important signals at a safe level while you are simply listening to the radio.

The Electo amplifies incoming sounds up to 82 dB and acts as a passive earpiece for sounds above 85 dB. Digital FM tuning with LCD. Receive announcements while listening. The volume of the radio and Electo can be set separately. Made of light material.

Art. no.

34712

1 pcs.

Peltor Optime II green earmuffs

The most sold earmuff worldwide! Suitable for almost every application, whether work floor or hobby. Optime II has been developed for demanding, noisy environments and offers maximum attenuation of 31 dB SNR, even at very low frequencies.

The sealing rings are filled with a unique combination of liquid and foam, resulting in an optimal seal. Low pressure for optimum comfort, even during prolonged use. The rings have ventilation channels and are covered with a soft, hygienic foil.

Optime II is the right choice in environments with heavy industrial noise or machinery and in agriculture and forestry. Also suitable for increasing concentration on the work floor.

Art. no.

21795

1 pcs.

EARPLUGS

Ear Classic Earplus

Box with 250 sets of two earplugs. The Ear Classic Earplus is one of the most sold earplugs in the world. Made of foamed polymer, making the earplugs feel soft in the ear canal. Thanks to the high attenuation value (SNR 36), the earplugs are ideal for protection against long-term exposure to high noise levels.

Art. no.

21327

1 box, 250 pairs

FIRST-AID BOX

Universal first-aid box

Universal first-aid box with wall mount. Contains steam sterilised, single-use products.

First-aid box contents:

- Wound plaster
- Set of bandages
- Plaster assortment
- Cotton dressings
- Adhesive plaster
- Ten alcohol swabs
- Wound emergency bandage
- One three-sided cloth
- Two round emergency bandages
- One pair of gloves
- Two emergency bandages
- Breathing mask
- Five compresses
- Dressing scissors
- Tweezers
- Elastic bandages
- Step-by-step instructions

Art. no.

21846

1 pcs.

SAFETY GLASSES

MSA Perspecta safety glass 1070

- MSA Perspecta 1070 safety glasses, clear lens (10064797)
- The classic pair of panoramic safety glasses with single lens
- With integrated side protection
- The arms of these glasses can be adjusted in five steps and can also be adapted to the temple
- TuffStuff coating

Art. no.

21642

1 pcs.

Uvex-Astropec safety glasses

Yellow/black frame with clear lens. Anti-scratch coating (optidur NCH coating). Lenses coated with uvex optidur NCH are highly scratch-resistant and are also highly resistant to chemicals. The lacquer features nanotechnology which significantly increases the non-adhesive properties of the lens, making it easier to clean. This makes water-based stains and oil stains easy to remove.

One of the best-selling models of safety glasses in the world, with integrated side protection. Thanks to the multiple adjustment options, these glasses can adapt to any desired fit.
Uvex duo-flex springs adjustable in four positions. The lens is easy to change and clean.

- Polycarbonate lenses
- Weight: 36 grams
- Lens mark: 2-1,2 W 1 F DIN CE

Art. no.
21866

1 pcs.

Markers

Measuring and marking are important actions in your workshop. Whether it is damage you want to indicate on the slabs or a line on the material to be adjusted. You will find the most common products in the following range.

CHALK

Hexagonal chalk

Set of 12, hexagonal, indelible, chalks. Universally usable crayon. Extra wear-resistant, therefore very suitable for marks on stone, concrete and raw steel (also requested under the name Police Chalk). Light-fast and moisture-resistant.

Colour	Art. no.
Red	21336
Blue	21338
Yellow	21337
White	29713

12 pcs.

OMNICHROME PENCILS

Omnichrome pencil, hexagon - not permanent

Water-soluble, hexagonal pencil in two colours. For opaque marks on almost all surfaces, even on dark and transparent surfaces. Suitable for paper, plastic, metal, glass, wood, leather and stone.

Can be wiped off many soft surfaces. Does not print through paper. Ideal for industry and trade. Wood comes from certified, responsibly managed forests.

Colour	Art. no.
Red	21570
Yellow	21609

12 pcs.

OMNICHROME PROPELLING PENCILS

Omnichrome propelling pencil

- Does not press through the paper
- Intense colour and light fastness
- Colour pigments do not cause corrosion
- Does not dry out
- Odourless
- Pressure pen with convenient one-hand operation
- No point needed
- Retractable pen for protection after use
- No point needed
- Retractable pen for protection after use
- Water-soluble
- Washable from many smooth surfaces such as plastic, metal and paint
- Washable from many textiles
- Markings are very heat resistant and usually readable at 1000 degrees C

Colour	Art. no.
Yellow	21568
Red	21392

5 pcs.

Refills for Omnichrome propelling pencil

Set of 12 refills for omnichrome propelling pencils, art. no. 21568 (yellow) and 21392 (red).

Colour	Art. no.

21328

1 pcs.

PENCILS

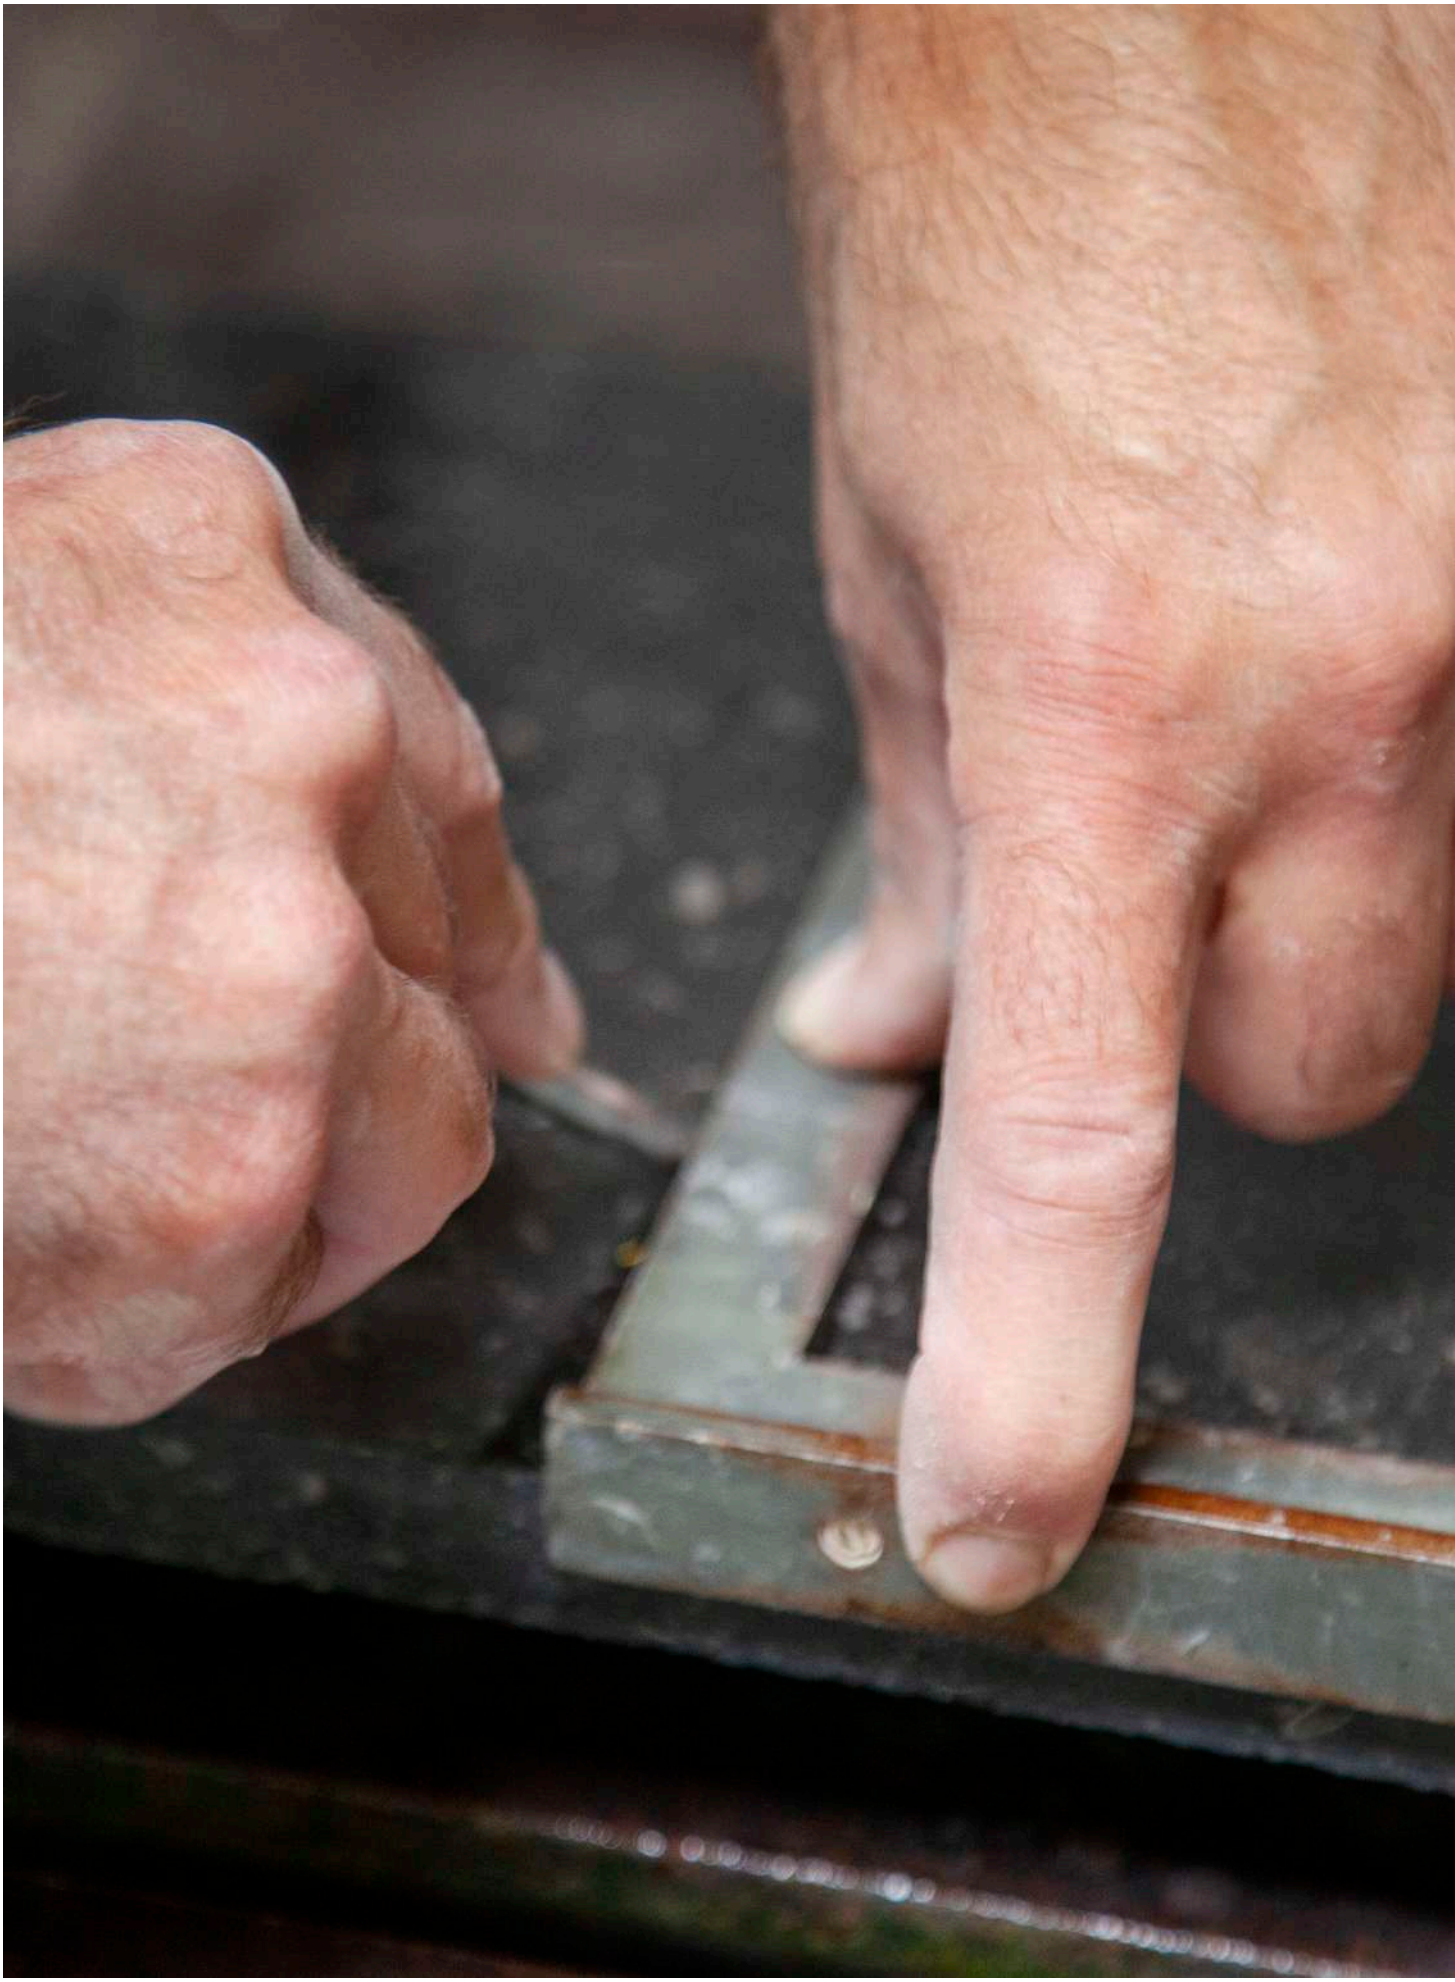

Timmermans pencil

Pencil used for making, for example on wooden moulds for workpieces.

Art. no.
21675

1 pcs.

Machines

KGS DIAMOND offers a small assortment of electric machines. The use of hand-held machines with adjustable speeds are commonplace in order to use the diamond grinding and polishing technology properly and universally.

ELECTRIC MACHINES DRY

Flex 1506 VR 230V

Electrical angle grinder for dry use, with variable speed. Made in Germany.

- Tool fixture: M14
- Diameter: max. Ø125 mm
- No load speed: 2200 – 6800 rpm
- Power consumption: 1200 watt
- Power output: 700 watt
- Cable length: 4 m
- Weight: 1.9 kg
- Suitable for cutting and polishing

Art.no.

21103

1 pcs.

Flex L8-11 125 800 W

800 watt angle grinder, 125 mm. Highly efficient and resilient motor for more power output. Longer service life thanks to optimised cooling and revised carbon geometry. Anti-Kickback - this shuts down the motor if the disc being blocked. Extremely light and handy. Compact, narrow and ergonomic shape.

- Tool fixture: M14
- Diameter: max. Ø125 mm
- No load speed: 11500 rpm
- Power input: 800 watt
- Power output: 460 watt
- Cable length: 4 m
- Weight: 2 kg
- Suitable for cutting

Art.no.

34316

1 pcs.

ELECTRIC MACHINES WET

FLEX L12-3 100 wet PRCD wet polishing machine

Electrical angle grinder for wet use (central waterfeed), with electrical safety switch.
Great ergonomics. Made in Germany.

- Tool fixture: M14
- Diameter: Max. Ø 115 mm
- No load speed: 1200 – 3700 rpm
- Power consumption: 1150 Watt
- Power output: 700 Watt
- Cable Length: 4 m
- Weight: 2.4 kg

Art.no.

21106

1 pcs.

CORDLESS ANGLE GRINDER DRY

Flex L 125 18V

incl. 2 batteries, charger and box.

Electronic management system (EMS) protects the machine, extends the service life, and increases efficiency.

- Tool fixture: M14
- Diameter: max. Ø125 mm
- No load speed: 8500 rpm
- Suitable for cutting
- Battery voltage: 18 V
- Battery capacity: 5 A h
- Weight without battery: 1.75 kg

Art.no.

29235

1 pcs.

Flex battery 18V for Flex L 125

- Battery voltage: 18 V
- Battery capacity: 5 A h
- Weight: 0.72 kg

Art.no.

34342

1 pcs.

Flex charger for Flex L 125 18V battery

- Charging 10.8 and 18.0 V battery packs
- Large-format LCD display for battery diagnostics and charge levels
- Charging time: approx 50 min for 18.0 V / 5.0 A h

Art.no.

34343

1 pcs.

Flex LBE 125 18.0-EC/5.0 Set, with variable speed
incl. 2 batteries, charger and box.

Cordless angle grinder with variable speed and brake 18.0 V, 125 mm. Equipped with electronic management system (EMS) protects the machine, extends the service life, and increases efficiency.

Microprocessor control with soft start, restart protection after power failure, temperature monitoring, overload protection, CDC-electronic feedback control

- Tool fixture: M14
- Diameter: max. Ø125 mm
- No load speed: 3500 / 4500 / 6500 / 9000 rpm
- Suitable for cutting
- Battery voltage: 18 V
- Battery capacity: 5 A h
- Weight without battery: 1.85 kg

Art.no.

40572

1 pcs.

Miscellaneous supplies

KGS DIAMOND is a “one-stop” shop. Because of our several decades of experience, our range also contains a number of products that may be less obvious, but are still common, such as batteries, lubricants and a number of small tools.

BATTERIES

Battery (penlite) Varta High Energy Alkaline 1.5 V

Powerful Varta batteries.

Type	Art. no.
AA	30896
AAA	30897

40 pcs.

RECHARGEABLE BATTERIES

GP ReCyko rechargeable Bain blister - 2000 mAh

4 x AA rechargeable penlite batteries from GP ReCyko in blister, 2000 mAh.

Art. no.
30217

1 set, 4 pcs.

LUBRICANTS / CLEANERS

WD-40 450 ml

Loosens and removes stubborn dirt from contaminated parts. It stops squeaking and creaking, expels moisture from metal surfaces, removes many forms of wax, tar, grease and adhesive residue and leaves a protective layer against corrosion.

Expels moisture from electrical parts and electronics and prevents leakage current. It penetrates and eases the action of rusty parts such as nuts, bolts and controls. Loosens and lubricates stuck mechanisms, bolts and nuts. Lubricates the stand spring of an engine and prevents annoying squeaking and creaking.

Content	Art. no.
450 ml	26551

1 pcs.

STEEL WOOL

Metalino steel wool 200 g

Very fine steel wool for distributing wax-based products and/or removing stubborn stains on natural stone or composite.

Type	Art. no.
No. 00 fine	23133
No. 0 medium	23135

1 pcs.

POLISHING POWDER

Marble polishing powder per 5 kg

MORE KGS PRODUCTS?

We have several catalogues full of (diamond) tools for you. You can download them on our website www.kgsdiamondtools.com

Diamond tools, adhesives and maintenance products for the stone industry - Part A

In this catalog you will find a wide range of diamond tools for the stone industry, complemented by an extensive maintenance and chemical program and the necessary accessories.

Available in English and Dutch

Diamond tools for the ceramics industry

This catalog is specifically focused on the KGS tooling program for processing ceramic materials such as Dekton®, Neolith® and other well known brands.

Available in English

Diamond tools for the flooring industry

In this catalog you will find diamond tools for sanding and polishing concrete and marble floors. You will also find our KGS FLEXIS® diamond pads for floor maintenance and cleaning as well as a chemical program.

Available in English

Diamond tools for the construction industry

In this catalog you will find our KGS RED™ program.
A complete range of diamond tools for construction professionals. From large saw blades to concrete drills, tile drills and various types of grinding and polishing discs.

Available in English and Dutch

Diamond tools for hardware industry

In this catalog you will find a selection of our KGS RED™ program, especially for specialists in building materials and tiles. From saw blades to tile drilling and grinding and polishing discs.

Available in English and Dutch
